Design & Manufacture

ASSEMBLY

- 1 Attach both **Front (E)** and **Back Brace (H)** to **Left Side (B)**, as shown, then attach **Right Side (C)** to **Front (E)** and **Back Brace (H)**.

NOTE: Remember to face the "Windows" toward the back.

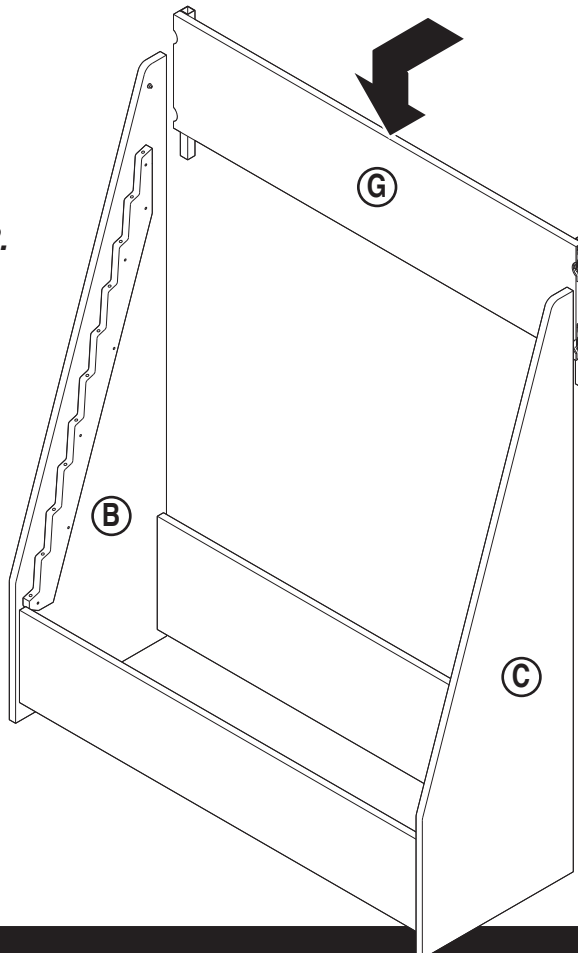

Important Note:

When assembling this fixture be sure all "windows" face the back, **EXCEPT THE HEADER (G)** so that they are not visible when display is finished.

- 2 Attach **Header (G)** to **Left & Right Sides (B & C)**.

NOTE: THE METAL BRACKETS FACE THE REAR.
